FIFTY-SIXTH YEAR.

## SPECULATION ON MAYOR'S ATTITUDE

Thompson's Election Will Likely Work Many Changes in City Departments.

## NO ANNOUNCEMENT AS YET.

Devine Stated for Fire Chief and Major Myton to Succeed Chief of Police Lynch.

## SHEETS FOR CHIEF DETECTIVE.

"Americans" Will Not Control City Council as Announced This Morning by Party Organ.

Now that the election in Salt Lake is over, and it is realized by the vast body of voters that the control of the "American" party will be almost complete after Jan. 1, speculation is frequent as to what changes will occur, and who will fill the appointive positions at the disposition of Mayor Thompson.

So far little has been given out as to Mayor Thompson's plans, as the campaign in his behalf was not based upon a definite announcement as to his position in regard to the city and its problems. "That No Mormon Need Apply" was epitomized as his platform by some radical "American" party speakers, and this view was taken as the "American" party ideal by a few Democratic speakers.

How far it will be carried out cannot be estimated at this time, as the lineup of the Thompson administration is not yet announced. At present the city's payrolls are filled with members of perhaps every church in the nation, without regard to affiliation so much as to ability to perform the city's work. It is more possible that it will remain so, so far as general labor conditions go, than that any radical change will come.

## DEPARTMENT CHANGES.

However, up in the heads of department there are changes that always come with changes of administration, and an open question is where the present fire chief and police chief will look for their successors. That both will be replaced is conceded, and their successors are being named by those who feel themselves on the "inside."

## DIVINE FOR FIRE CHIEF.

For the position of fire chief the likely man is James Devine. He held the position under Mayor Thompson before, and who is well known to many of the present firemen. There seems to be no opposition to his nomination, and the fact that he was heretofore in "American" ranks seems to have been to the advantage of Sheets as a police chief, and the chief of detectives. Major Myton, who was formerly an Indian agent at Uintah, and after working in the town of Myton is named, is well known in Salt Lake, although he has never been connected with the police department.

## WILL NOT CONTROL COUNCIL.

The election does not result in giving Salt Lake an "American" city council as the organ of the party claimed this morning. The facts are that the political personnel of the new council will be six Democrats, three Republicans and six "Americans." In other words, the Democrats and Republicans have nearly two-thirds of the membership of that body. That should be quite sufficient to prevent the launching or carrying through of any rank or extreme party or unjust ordinance or other measure. But it is argued that the "Americans" may rely on Hobday to join with them in critical cases. Admit that this is true and the "Americans" will even then have but seven out of fifteen votes. With regard to Councilman A. J. Davis, hold-over from the Fifth, there is small hope of the "Americans" handling him in view of the fact that he was heretofore a police officer, and after working in the town of Myton is named, is well known in Salt Lake, although he has never been connected with the police department.

## STREETS WERE CROWDED

Party Workers and Citizens Generally Eager for Returns.

The streets last night told the story of unusual excitement, following the extreme tension of election day. About 7 o'clock the crowd gathered on East Temple street, centering about Second South street, and the block to First South became one solid mass of people. As the returns came in showing Thompson always slightly ahead of the victors, the crowd grew more and more excited, and the "American" party headquarters the partitions and other temporary fixtures were destroyed to make fuel for the big bonfire which soon rose on the street in front. At Republican headquarters the party leaders gathered to discuss the election, while at Democratic headquarters the voters were also in attendance. It was well after midnight when the last of the celebrators left the front and turned homeward. "Rough-house" and general ill feeling seemed to prevail in the slightest quantity. As a whole the crowd was a jolly one and enjoyed the evening without putting any frills on that would have caused trouble for the police or work for the ambulance.

## CONGRATULATIONS.

Mayor Morris Sends Letter to Mayor-Elect Ezra Thompson.

Mayor Richard P. Morris today sent the following letter of congratulation to Mayor-elect Ezra Thompson on account of his victory at the polls yesterday:

Salt Lake City, Utah, Nov. 8, 1905. Hon. Ezra Thompson, Mayor-elect, Salt Lake City.

My Dear Sir—I most sincerely and heartily congratulate you on your election as mayor of this city and trust that your administration may be a credit to yourself and associates for the ensuing two years.

And I can assure you, Mayor Thompson, that if at any time I can be of the slightest service to you during your administration I shall most willingly do anything in my power to help facilitate your efforts for the good of the community and for a Greater Salt Lake.

Very truly yours,  
RICHARD P. MORRIS, Mayor.

## FROM CHIEF LYNCH.

This morning Chief Lynch of the police department, and defeated Republican candidate for mayor, sent the following letter of congratulation to Mayor-elect Thompson:

"Hon. Ezra Thompson, Mayor-elect. My Dear Sir—I hereby extend to you my hearty congratulations on your election and wish I could wish you every success in the office to which you have been so triumphantly elected, and I express the hope that the good citizens of our beautiful city will unite in an honest endeavor to build up Greater Salt Lake."

Yours very truly,  
WILLIAM J. LYNCH.

## A POLITICAL REVOLUTION.

Philadelphia, Nov. 8.—The political revolution in this city and in the state yesterday was the greatest that has occurred in Pennsylvania in nearly a generation. There have been previous upheavals, but this is the first time in years that every office for which there was any semblance of a contest has been lost to the regular Republicans. It also is the first time in a quarter of a century that the regular Republicans have been defeated in the election of the state treasury.

Memorable contests have been waged against the Republicans for the office but without success and it is worthy of note that yesterday's election was the first that has been held for the place since the death of former U. S. Senator Quay.

## BERRY'S PLURALITY.

The plurality of William H. Berry who was nominated by the Democrats, Independent party, Lincoln party and Prohibitionists, for state treasurer, will be nearly 140,000 and may go above these figures.

J. Lee Plummer, Republican candidate, run behind his ticket in nearly every county in the state. The remainder of the Republican ticket was elected by the usual Republican plurality.

President Roosevelt's plurality last year was more than half a million. The victory of the City party, the reform organization over the regular Republican in Philadelphia was complete and beyond the expectations of the reform leaders.

The reform wave carried Berry along with it, he defeating Plummer in the city by 36,937 plurality.

## COMPLETE VOTE.

The complete vote for the offices for which there were contests is as follows:

For sheriff, Wilson H. Brown, (City party), 147,671; John S. Neff, (Rep.), 105,436; G. R. Fisher, (Socialist), 12,671.

Coroner—J. M. R. Joran (City party), 147,684; Thomas Dugan (present incumbent), 104,116; Julius Weber (Socialist), 12,701.

County Commissioners—(Three to be elected, but no election to vote for more than 2), Rudolph Blackwelder, (C. P.), 148,446; R. A. Anderson, (C. P.), 148,253; H. A. Chase, (Rep.), 100,153; William Emsley (Rep.), 99,521; Alphonse Obrecht (Socialist), 12,574. Chase is elected as the third commissioner, defeating Emsley by 638 votes.

## HIGHEST VOTE CAST.

The highest vote cast for anyone was that for sheriff, the vote being 235,292. The total vote for president last year was 281,684. The city claims that as much as 61,000 alleged fraudulent names were stricken from the voting lists since the fight against Republicans began last May, the vote cast yesterday was the highest ever polled in the city.

The regular Republicans carried only 14 of the 42 wards for their local ticket. Plummer, for state treasurer, carried 16. One of the surprises of the election was the loss by the regular Republicans of United States Senator Penrose's ward. It gave a City party plurality of 50, but Plummer carried it by 52 votes.

LEADERS LOST WARDS.

Insurance Commissioner David Martin, at one time the Republican leader of the city, lost his ward yesterday for the first time in 30 years.

David H. Lane, the veteran leader upon whom much of the work of the Republican campaign fell, also lost his ward, the Twentieth.

Indianapolis Election.

Indianapolis, Nov. 8.—With complete unanimity the voters of this city have elected for mayor, John W. Holtzman, Democrat, for mayor is 1,482. The total vote for Holtzman in all the wards was 52,051, by far the largest vote ever cast in a municipal campaign in this city.

## REPUBLICANS SWEEP CHICAGO.

Their Lowest Man Received More Votes Than the Democrats' Highest.

## MAYOR DUNNE ON HEARST'S VOTE

Is Wonderful Proof of Widespread Sentiment in Favor of Municipal Ownership of Public Utilities.

Chicago, Nov. 8.—The Republicans swept Chicago yesterday electing every candidate on their ticket. The complete returns early today show the following figures:

Judge superior court: Gary, Republican, 59,983; McEwan, Republican, 29,922; Ball, Republican, 9, 835; Kavanaugh, Republican, 100,348.

Ramsey, Democrat, 11,227; Smiley, Democrat, 65,243; Shepherd, Democrat, 78,522; Werno, Democrat, 69,594; Judge superior court to fill vacancy, Smith, Republican, 48,953; Tolman, Democrat, 81,718.

Judge circuit court, Pinkney, Republican, 58,278; Doyle, Democrat, 77,438.

In the vote for trustees of the sanitary district, McCormick, the highest man on the Republican ticket, received 86,643 votes against 80,377 for Webb, the highest man on the Democratic ticket. Baker, the highest man on the Republican ticket, received in the city 2,258 more votes than Webb, the high man of the Democratic ticket.

## MAYOR DUNNE TALKS.

Mayor Dunne professed more interest in New York's election than in the battle of the ballots in his own city. He said last night:

"Whether Mr. Hearst was elected or defeated, the issue was so close that it demonstrates the tremendous hold which the municipal ownership sentiment has upon the people of this country."

There was no acute situation in New York as there was in Chicago arising from the fact that the franchises for public utilities had expired in this city. In Chicago we have been fighting renewal of franchises that have been giving scandalously indecent service from the companies whose franchises have expired. In New York such situation exists 30 seconds.

The situation was not so acute as to excite the people, and the result is a wonderful proof of the widespread sentiment that municipal ownership of public utilities soon must be adopted.

Regarding the Chicago election, Mayor Dunne said:

"I regret exceedingly the defeat of the Democratic ticket and I attribute it to two causes. In the first place there was no living, vital issue. The candidates were persuaded to eliminate municipal ownership and run on their own personalities. Secondly, there were some unfortunate divisions among the Democrats. The county is normally Republican; the sanitary district is normally Republican. If the Democrats had injected a little more municipal ownership into the campaign I believe they would have elected their ticket."

## SPEEDY ELECTION RETURNS.

The Chicago record for speedy election returns was established yesterday as a result of the use of the voting machines in 10 precincts, the results from one of these precincts being received over the telephone by the election officials within 30 seconds of the closing of the polls.

The returns from the other precincts where voting machines were used also came in with much rapidity all being in within 25 minutes after the closing of the polls, and returns from five voting machines precincts being received before one return came in from an old system precinct.

The test was the first thoroughly comprehensive one to which the voting machine has been submitted in Chicago. Much satisfaction was expressed by both voters and the officials at the polling places where the machines stood. It being found that votes were cast with rapidity.

## ANTI-AMERICAN FEELING IN CANTON IS INTENSE

Hongkong, Nov. 8.—Advises from Canton say that the anti-American feeling there is growing more intense. A lady has been spat upon in a street and the American consul, Julius G. Lay, has received an anonymous letter threatening the life of his wife. The consul has written to the viceroy asking him to prohibit an anti-American mass meeting, which it is proposed to hold in Canton, but the viceroy apparently is indifferent.

The American consul today proceeded to Luenchow, in order to make an official investigation of the recent massacre of American missionaries there. The Chinese authorities will be represented by the Taoist.

## INSURANCE COMMITTEE RESUMES INVESTIGATION

New York, Nov. 8.—After a two weeks' interruption because of the campaign, the legislative committee today resumed its investigation of the methods of American insurance companies.

The extended recess was taken in behalf of the assemblymen members of the committee, all of whom were candidates for re-election, and who wanted to be in their districts at election. All of these members, with the exception of Assemblyman John McKeeown (Dem.), of Brooklyn, were re-elected. A member of the committee said the defeat of Mr. McKeeown would not affect the constitutionality of the proceedings of the committee since his term would not expire until the end of the year, when it was hoped the hearings would be ended. The first witness was Emory McClintock, attorney of the Mutual Life Insurance company, who had been under examination several days before. His testimony was largely of a technical character.

J. W. Kinsey Dead.

Helena, Mont., Nov. 8.—Joseph W. Kinsey, master A. G. U. V. W. and for many years a resident of Helena and Nevada, died last night in Washington, D. C., aged 62.

## MCLELLAN JUST DEFEATED HEARST

Democratic Candidate for Mayor Of Greater New York Only Had A Plurality of 3,150.

## JEROME SEEMS TO BE ELECTED

Municipal Ownership League May Demand A Re-count of the Ballots.

New York, Nov. 8.—This city yesterday elected George B. McClellan, the candidate of the Democratic party, mayor by a narrow margin over William Randolph Hearst, the nominee of the Municipal Ownership league.

Twenty-six election districts out of a total of 1,048 in Greater New York were still unreported early today. In the districts reported, McClellan received 225,221 votes; Hearst 222,062; William M. Ives, the Republican candidate, 158,498, a plurality for McClellan of 3,150.

William Travis Jerome, independent candidate for district attorney, was apparently elected. With 46 election districts to be reported today, he had a lead of 3,325 votes over James W. Osborne, the Tammany candidate.

The new city government, exclusive of the board of aldermen, will be constituted as follows:

Mayor—George B. McClellan, Democrat.

Comptroller—Herman A. Metz, Democrat.

President of the Board of Aldermen—Patrick P. McGowan, Democrat.

Borough presidents: Manhattan—John F. Ahern, Democrat.

Bronx—Louis F. Haffen, Democrat.

Brooklyn—Bird S. Cole, M. O.

Queens—Joseph Bernier, Republican, M. O., and Independent Democrat.

Richmond—George Cronwell, Republican.

At an early hour this morning William R. Hearst left his headquarters at the Hoffman House for his residence, following a conference with his campaign managers, and the heads of the Municipal Ownership ticket, including Justice Seabury, Senator Ford, J. G. Phelps Stokes, Clarence Shearn and Max F. Friedman.

## CLAIMS HEARST'S ELECTION.

Mr. Hearst himself would make no statement, and referred all questions to Mr. Ives. The latter said that Mr. Hearst claimed his election as mayor by a good majority. That a fraudulent vote of at least 40,000 had been cast in Greater New York was the claim of the Hearst managers. It had been decided, Mr. Ives said, to demand a recount of the entire ticket, if after 194 ballot boxes said to be missing, a conference with the city clerk was held, and counted. It was found Mr. Hearst still lacked sufficient votes to elect him.

"It must have been that these boxes contained many Hearst votes," Mr. Ives declared, "otherwise they would not be missing. Certain it is that they did not carry away boxes containing a majority of McClellan votes. But one thing is certain, Mr. Hearst will demand a proper recount even should the vote in the election be as high as 250,000."

So certain that he will carry this matter to the court of last resort, if necessary, Mr. Hearst feels that he has been cheated and that a majority of the electors of New York have voted for him, and he proposes to have these votes honestly counted, as well as the many thousands voted through out. We have evidence of many thousands of these votes.

"Mr. Hearst has been honestly elected," declared Mr. Shearn, with much warmth, "and Mr. McClellan will never be permitted to take his seat on this election. The only way to know this election will not stand, William R. Hearst is the man who will be mayor of New York after January next."

Asked if it were true that Mr. Hearst had a conference with Mr. Jerome, Mr. Ives replied that several Hearst men had met Mr. Jerome within the hour and talked the situation over with him.

"And is Mr. Jerome to co-operate with the Hearst people in demanding a recount, and take the matter before the courts?" was asked.

"I do not know that the co-operation of the city clerk is necessary," Mr. Ives was asked. All I can say is that our representatives reached an understanding with Mr. Jerome, and we are assured he will assist us in punishing violators of the election laws, and 'tin soldiers' or illegal voters. All we are asked to produce is the evidence, and we have that galore."

That Mr. Hearst has been honestly elected is our contention, and he does not intend to be counted out through any fraudulent means. After we get a little needed sleep, we will take this matter up and carry it through with much vigor."

MURPHY IS MUM.

Charles F. Murphy, leader of Tammany hall, refused this morning to comment on the results of the voting. It was explained for him that as the polling was so close he realized that a contest would be made, and that while he was confident that the ultimate defeat would be in favor of Mayor McClellan, he thought it would be out of place for him to say anything.

CHINESE DYNASTY.

Movement to Overthrow It Spread With Great Rapidity.

Victoria, Nov. 8.—Telegrams from Peking to Japanese papers say movements to overthrow the present Chinese dynasty are developing with incredible rapidity. On Oct. 16 a portion of Peking was closed. Great activity of revolutionaries is reported from several sections. A Shanghai paper says a panic exists at Tientsin among native servants, many of whom have been sent to Peking because of the bomb outrage at Peking. The emperor's second son, Prince Tuan, is reported to have fled from the city. The emperor's second son, Prince Tuan, is reported to have fled from the city.

NEW JERSEY.

Trenton, N. J., Nov. 8.—Late returns from Hudson county indicate that the Republicans have elected their entire 12 assemblymen. By reason of this the Democrats will probably have more than three members of the assembly. The next legislature will stand as follows:

Senate—Republicans, 17; Democrats, 4.

Assembly—Republicans, 57; Democrats, 2.

NEBRASKA.

Omaha, Nov. 8.—Returns coming in since midnight only serve to confirm the sweeping Republican victory indicated by the earlier reports. Douglas county, Omaha, the Democrats secured but one office, that of police judge of South Omaha. Jules Lundberg, who has a national reputation as a singer, and who conspired with Abraham Lincoln, was defeated for police judge of Omaha, although his

## OHIO CLAIMED BY THE DEMOCRATS

Exact Figures Not Known but There Seems to be no Doubt of Election of State Ticket.

## PATTISON'S PLURALITY 36,000

Gov. Herrick, Chairman Dick and Nat'l Committeeman Dover Hold Important Conference.

Columbus, Ohio, Nov. 8.—John M. Pattison, Democrat, will be the next governor of Ohio and his party assistants on the state ticket have also been elected according to the indications of precinct returns and county pluralities figures received here up to 11 o'clock this morning. The exact figures are not known and may not be known today, but there seems no reason to doubt the success of the entire Democratic state ticket by at least a safe plurality, while Chairman Gardner claims more than 36,000 plurality for Pattison and the Democratic ticket.

Up to 11 o'clock Chairman Dick had refused to admit officially the defeat of his ticket but it was understood that Republican headquarters, that the reports from county chairmen indicated that result. Gov. Herrick, Chairman Dick and Elmer Dover, of the national committee, were in consultation all morning and a statement was promised later in the day.

Both houses of the legislature will be Democratic, the last hope of the Republicans vanishing with the report that the Hamilton county delegation before the exact composition of the house of delegates is known. The legislature elects the state treasurer and the politics of that official as well as the board of public works, over 20 years ago, will depend on the legislative returns yet to come in.

## IN NEW YORK RATE FOR CALL LOANS WENT TO 10

New York, Nov. 8.—The tension in the call money market became acute this afternoon and the rate rose to 10 per cent.

## CHRONICLE TOWER FIRE.

Damage by Fire and Water Not Less Than \$150,000.

San Francisco, Nov. 8.—An estimate made today of the damage done to the Chronicle building by fire and water last night places the total amount at not less than \$150,000 partly covered by insurance. The clock tower near which the damage started from fireworks was practically gutted, but the energetic efforts of the firemen saved the library and the many linotype machines. The damage to the composing and stereotyping departments of the paper.

The presses in the basement were unharmed, though flooded with water. The damage to the upper floors was repaired today from the old floor, though the men are working under many difficulties. The daily edition, which this morning was printed on the Examiner's press, will be issued tomorrow from its own office.

## HAMILTON COUNTY.

Cincinnati, Nov. 8.—Eleven precincts in Hamilton county were not heard from at 10:30 a. m. Herrick's plurality stood at 311 and he led the Republican ticket with the exception of Malbury, probate judge who is the only Republican in the county or city elected.

Herrick's vote runs about 600 above that for Davis, the Republican candidate for supreme court.

## CLEVELAND RETURNS.

Cleveland, Nov. 8.—At a late hour today election returns from the city were still incomplete. It is almost certain, however, that the Democratic ticket will have approximately 12,000 plurality. Johnson, Democrat, for mayor, will not have less than 11,000 plurality. With the exception of Hadden, Republican for probate judge, the Democratic ticket and county ticket is elected by good plurality.

## MASSACHUSETTS.

Boston, Nov. 8.—A revision today of the vote in yesterday's election in Massachusetts failed to alter materially the result. The revised figures are: Gov. Gilman (Rep.), 197,612; Bartlett (Dem.), 174,396; Guild's plurality, 23,116.

Lieut.-Gov. Draper (Rep.), 182,197; Whitney (Dem.), 180,201; Draper's plurality, 1,996.

The Democrats slightly increased their representation in both branches of the legislature, gaining three senators and one representative.

A feature of the election was the unlooked victory of John B. Moran for probate judge of Suffolk county, which includes the city of Boston. Mr. Moran failed to receive any party nomination and ran entirely on the endorsement of a number of citizens. His opponent, Michael J. Sugrue, had the endorsement of both the Democratic and Republican parties.

Chairman Lyman of the Democratic state committee stated to the Associated Press today that the Democratic leaders would request a recount of the vote for lieutenant-governor.

SENATE—Republicans, 17; Democrats, 4.

## NEBRASKA.

Omaha, Nov. 8.—Returns coming in since midnight only serve to confirm the sweeping Republican victory indicated by the earlier reports. Douglas county, Omaha, the Democrats secured but one office, that of police judge of South Omaha. Jules Lundberg, who has a national reputation as a singer, and who conspired with Abraham Lincoln, was defeated for police judge of Omaha, although his

## election had been practically conceded by both sides.

Lincoln, Neb., Nov. 8.—Returns from all election precincts in Nebraska have been received and it is apparent that Lettison, Republican candidate for supreme judge, has a plurality of 15,000 over Hastings, fusionists. This plurality is about double the plurality given the Republican candidate for supreme judge two years ago. The Republican candidates for university regent, who were attacked by the fusionists because of a large money gift to the university from John D. Rockefeller, have run slightly ahead of their ticket.

## RHODE ISLAND.

Providence, R. I., Nov. 8.—One hundred and fifty-four voting districts out of a total of 158 in the state gave Geo. H. Utter, Republican, for governor, 30,325; L. F. C. Garvin, Democrat, 28,169. The same districts gave for supreme judge 23,581; Garvin 22,758, a net Republican gain of 3,329.

The state senate will probably contain 33 Republicans and four Democrats, and the house 60 Republicans and 10 Democrats.

The proposed constitutional amendment favoring the Republicans and providing for the division of the state into 100 assembly districts, failed to secure the three-fifths vote necessary for its adoption.

Elisla Dyer, Republican, was elected mayor of Providence by a plurality of 3,400 over Charles A. Aldrich, Democrat. He will be the first Republican mayor of the city in 11 years.

Mayor Patrick J. Boyle of Newport, head of the city government for many years and a Democratic candidate for re-election, was defeated by Robert C. Cottrell, Republican, by 50 votes. Democratic mayors were chosen in Pawtucket, Woonsocket and Central Falls.

## MARYLAND.

Baltimore, Nov. 8.—Additional returns from the Maryland counties and city precincts that were not counted today, including the overwhelming defeat of the proposed suffrage restriction amendment to the constitution, will leave in doubt the state comptrollership and only the complete returns will show whether McClellan, Republican, or Atkinson, Democrat, has been elected. The legislature is also left in doubt by later returns. The senate is not certainly Democratic, but the official count throughout the state is not completed before the exact composition of the house of delegates is known. The legislature elects the state treasurer and the politics of that official as well as the board of public works, over 20 years ago, will depend on the legislative returns yet to come in.

The reference library of the Chronicle is regarded as one of the most complete of its kind in America. It could not be duplicated in any other city. It has been a source of much trouble and has been a source of much trouble. It has been a source of much trouble and has been a source of much trouble.
